Spring 2010
Advanced Project Management Symposium
Topic: *Project Risk Mitigation and Reduction*
on the Jobsite

March 18 & 19, 2010 ~ Las Vegas, NV
Hosted by: Rosendin Electric

MCA, Inc. invites you to attend our tenth semi-annual Project Management Symposium. This is an excellent opportunity to collaborate with representatives of companies engaged in many areas of construction from all across the United States. The symposium provides a chance to share experiences and generate ideas to improve your own internal operations and profitability. Participation of owners, managers, project managers, department managers, superintendents, general foremen and foremen has given these sessions unprecedented real life educational competency. This symposium's topic is **"Project Risk Mitigation and Reduction on the Jobsite"**. The Las Vegas Session will be hosted by **Rosendin Electric, Inc.** Rosendin Electric is an electrical contractor who has attended many of our past symposiums and has graciously offered to allow this session's participants to tour some of their facilities in addition to the regular agenda for the symposium.

Location: SpringHill Suites Las Vegas Convention Center
